

THE MICHIGAN GOOD FOOD FUND

Growing Michigan's Good Food Future

MI=AG LEADER

Food and ag contribute **\$101.2 billion** annually to our economy. Despite this fact...

NEARLY 1 IN 5 MICHIGAN RESIDENTS

including **300,000 children**—live in lower-income communities with limited access to the healthy fruits and vegetables they need.

SERIOUS HEALTH IMPLICATIONS

Lack of access to healthy food has serious implications. **More than 30% of Michiganders are obese.**

SKYROCKETING HEALTH CARE COSTS

We currently spend **\$3 billion** annually on obesity related medical expenses.

ENTER THE MICHIGAN GOOD FOOD FUND - a new public-private loan and grant fund that **provides financing and business assistance to good food enterprises** that benefit underserved communities across Michigan.

A HEALTHIER MICHIGAN

We aim to **transform more communities across our state into places of opportunity** by increasing access to nutritious food, improving the health of residents, and driving economic development & job creation.
